He constituted himself slave of the library resuling-room and fetched beer for any one who would allow him a first sip. So moderately did he avail himself of this privilege that he found universal acceptance; yet the pay was too little and article after article of his kit disappeared for ready money. For a while he managed to avoid all general parades, but at last one Sunday he was ordered to turn out on church parade.

Poor Jacob! He was crimed—i. 4. charged before the Colonel—with "fitty dirtiness and disorderliness on parade. But it was not Jacob F. who was to blame, but the short pay, which at just had made life simply impossible. Maybe the original debt was his own fault, but in any case short pay, short rations and hard work had driven him from pillar to post till the end was insured—cells said cropped hair.

I met only the other day a young soldier who had received no more than one penny a day for fifteen months. I have heard of men who received no pay at all for some weeks together.
